Environment Initiatives

The fashion industry is one of the most polluting in the world, Nepal is strongly affected. We believe social impact and environmental impact are linked.

A holistic approach to improving the lives in Nepal includes minimizing negative impact and protecting the environment.

Guaranteed Environmentally Sustainable Caps

Commitment to Transparency and Continuous Improvement

Recycled Materials: We use recycled polyester fabric sourced from Global Recycled Standard certified suppliers. Our visors and buttons are made with recycled materials.

Zero Water Waste: We use sublimation printing because it uses no water, requires no wastewater treatment, produces no chemical waste, and consumes less energy than traditional dyeing. We also recycle 100% of the material scraps and waste.

Fair Trade Commitment to the Environment: As a Guaranteed Member of the World Fair Trade Organization, we are audited for our sustainability practices.

*Working in Nepal, a country of incredible natural beauty, we take environmental responsibility seriously. We're committed to publicly reporting our sustainability progress. We report our consumption of materials, energy, and water.
