

The Sampling Process

How Purnaa's Project Managers (PM), Sampling Team and Sourcing Team helps to bring your designs to life

The PM takes your tech pack to the Sample Team to assess your needs

STEP
01

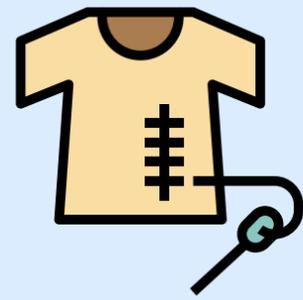

STEP
02

The Sample Team drafts your patterns (unless you submit your own patterns)

They make a test sample with in-stock materials

STEP
03

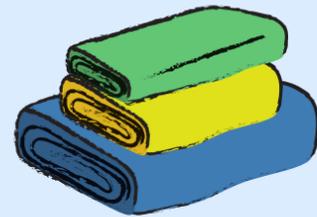

STEP
04

The PM sends pictures of the test sample to you for feedback and approval.

Concurrently, our Sourcing Team is finding and ordering the materials for your final sample and your production run

STEP
05

STEP
06

We sew the final sample after you approve the test sample.

We ship the sample to your doorstep!

STEP
07

STEP
08

After your approval, we get ready for your production run.
